

CONTENTS

1.	Introduction	1
1.1	Study Background	1
1.2	PLUTS Study Area	2
1.3	Key Development Issues for Waterford	3
1.4	A Vision Statement for Waterford	6
1.5	Study Goals and Objectives	6
1.6	Strategic Development in Context	8
1.7	The Waterford PLUTS and Other Studies	9
	Part A The Proposed Strategy	11
2.	The Proposed Strategy	15
2.1	Introduction	15
2.2	Development Themes	15
2.3	Scale of Future Growth	23
2.4	The Spatial Strategy and Key Land Use Proposals	25
2.5	Key Transportation Proposals	39
3.	Phasing and Implementation	61
3.1	Introduction	61
3.2	Phasing – General Approach	61
3.3	Phasing Programme for Waterford City and Environs	62
3.4	Implementation	65
	Part B Supporting Analysis	69
4.	Population and Employment Projections	71
4.1	Introduction	71
4.2	Baseline Population	71
4.3	Projection Methodology	73
4.4	Land Requirements for Housing	78
4.5	Employment Projections	81
4.6	Commercial Land Requirements	84
5.	Development Potential and Capacity	85
5.1	Introduction	85
5.2	Overview of Environmental Resources	85
5.3	Existing Transportation Infrastructure and Systems	87
5.4	Utilities	96
5.5	Tourism	97
6.	Alternative Spatial Development Strategies	99
6.1	Introduction	99
6.2	Waterford City and its Hinterland: Alternative Strategies	99
6.3	Waterford City and its Hinterland: Appraisal of Alternatives	101
6.4	Waterford City and its Hinterland: Preferred Strategy	102
6.5	Waterford City and Environs: Alternative Strategies	103
6.6	Waterford City and Environs: Assessment of Alternatives	109
6.7	Waterford City and Environs: Conclusions	110
6.8	Modifications for Preferred Strategy	111

A	Glossary of Terms and Definitions	115
B	Background Planning Documents	117
C	Study Approach and Consultation	119
	Annexe 1 List of Working Papers	
	Annexe 2 Members of Steering Group	
	Annexe 3 Stakeholder Groups	
D	Detailed Projections for Population, Households and Workforce	121
E	Specific Details of Transport Proposals	125
F	Historic Population, Households and Employment Data	141
G	Detailed Transport Data	149
H	Utilities	157
I	Goals Achievement Matrix for Alternative Strategies	159

List of Figures

1.1	Study Area	2
2.1	Proposed Spatial Strategy	29
2.2	Proposed Transport Strategy	43
4.1	Population Projection Process	73
4.2	Housing Completions 1996-2000	78
5.1	Environmental Resources	87
6.1	Population Assumptions	100
6.2	Existing Land Uses	104
6.3	(a) The Concentric City (Northern Emphasis)	106
	(b) The Southern Emphasis City	107
	(c) The Balanced City	107

List of Tables

1.1	Study Goals and Objectives	7
2.1	Future Population	23
2.2	Future Households	24
2.3	Future Jobs	24
2.4	Future Travel Demand (Peak Hour Trips)	24
2.5	Distribution of Jobs in Waterford City and Environs	32
2.6	Summary of Increases in Jobs in City and Environs 2000-2020 by type	33
3.1	Phasing Programme – Waterford City and Environs	65
4.1	Recent Population Trends	72
4.2	Recent Household Trends	72
4.3	Regional Population in PLUTS Study Area – Current Trends Scenario	75
4.4	Regional Population in PLUTS Study Area – Economic Growth Scenario	75
4.5	PLUTS Study Area Population – Present Trends	76
4.6	PLUTS Study Area Population – City and Satellites	76
4.7	PLUTS Study Area Population – City Focus	77
4.8	Forecast Population Distribution in Waterford City and Environs under Three Spatial Strategies	77
4.9	Capacity of Zoned, Undeveloped Residential Lands and Requirements under Each Strategy	80
4.10	Percentage Movement of Basic Job Sectors from Dublin and Mid East Region	82
4.11	Distribution of Jobs in 2020 under Alternative Strategies	83
4.12	Industrial Land Capacity	84

5.1	Waterford-Current Passenger Rail Services	88
6.1	Travel Demand Assessment: Strategies Compared	101
6.2	Population Distribution in PLUTS Study Area – City Focus	103
6.3	Workforce Distribution in PLUTS Study Area – City Focus	103
6.4	Distinguishing Elements of Alternative Strategies for Waterford City and Environs	108
6.5	Forecast Population Distribution under Three Spatial Strategies	109
